SOLUTION

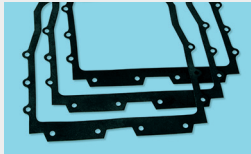

IGNITION

DIE CUT GASKETS & ENVIRONMENTAL SEALS

PORON & BISCO

Bringing ASTM & UL listed properties to a wide variety of applications.

WESLASTOMER™ RUBBER & SILICONE GASKETS

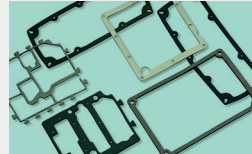

We convert to exact specifications.

WESLASTOMER™ ENVIRONMENTAL FIP

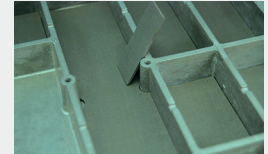

Our proprietary line of Form-In-Place materials.

EMI SHIELDING & THERMAL INTERFACE MATERIALS

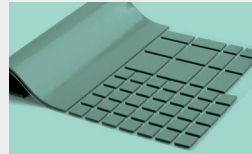

WESSHIELD™ EMI SHIELDING GASKETS

Our proprietary line of EMI shielding

MICROWAVE ABSORBING MATERIAL

HiMag™ is our proprietary microwave absorbing solution

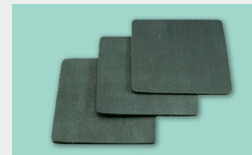

NOLATO COMPATHERM GAP FILLER

Nolato's thermal management material enhances cooling by filling air gaps

NOLATO TRISHIELD® FIP

TriShield is an innovative alternative to traditional gaskets and seals.

WESTHERM™ THERMAL INTERFACE MATERIALS

Thin films engineered to provide an effective thermal interface between heat sinks and electronic devices.

CUSTOM MOLDED RUBBER

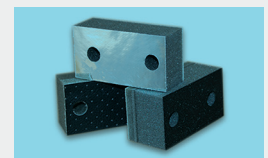

We can quickly and accurately create custom components.

SOUND & VIBRATION ISOLATION

SHOCK & VIBRATION ISOLATION
LORD's rubber mounts make machinery operate smoothly and quietly.

ACOUSTIC MATERIALS
These foams are designed for maximum sound absorption across a wide range of frequencies
